AS the millions of World's Fair visitors saw tires made in the Firestone Factory and Exhibition Building, we asked thousands this question: "What do you value most in a tire?" Car owners from every state in the Union were interviewed -drivers of automobiles, trucks, busses-out of it all came one composite

answer: "Give us Blowout Protection, Non-Skid Safety, and Long Wear, at a moderate price." Firestone engineers used every conceivable resource in the development of a tire embodying these qualifications and selling to the public at a price within the reach of every car owner. Answer

THE way to create a TIRE SENSATION is to give the people what they want, and Firestone has done this with the new Firestone Century Progress

As millions of people visited the Firestone Factory at the World's Fair last year, we asked this question-"What do you value most in a tire?" They answered-"Give us Blowout Protection, Non-Skid Safety, and Long Wear at a moderate price." 4.40.21 \$4.68 \$5.75 \$0.93 This was a big order, but Firestone has a habit of 4.50-20 giving car owners what they 4.50-21 751 6.30 1.01 want when they want it.
